You can enter one digital photo in each of the following categories:

1. Angel(s)
2. Things Orange
3. Determination
4. Shadows
5. Hidden Faces
6. Sunday
7. Scary
8. Music
9. A Different Angle
10. Bridge(s)
11. In the Fog
12. Abstract

Categories can be used as a singular or plural, in all cases. Your interpretation of the category is up to you.

You can choose your entry based on technical quality, creativity, impact, difficulty of subject or humor.

You can use a photo you already have, or go out exploring with this list in hand. You can enter just one category, do a few, or do them all.

THE POINT IS TO HAVE SOME FUN WITH THIS!

Please have your entries ready and bring them to our March 2012 meeting – date to be announced in Fall 2011.

Size your photos according to our standard projection size, 1024x768 pixels.

Name your files with the category number (listed above), then an _ underscore and your initials. For example, my entry for the category Shadows would be named as “4_LI”. This will help us in organizing the entries and categories.

Happy shooting! – Leslie Inman
